

Apologise for my absence

AGM Competition Secretary Report 2018 / 2019

The 2018 /2019 year was a very good year for the Mens golfing section, with the internal and external Club competitions receiving excellent support from the membership.

The Club Sunday morning competitions, played throughout the year, remain the most popular part of the Men's section. With number of golfers taking part increasing year on year, a total of 45 competitions were played last year.

This year's Summer Matchplay and Winter League competitions, again attracted many members to take up the challenge. With the matches being played throughout the year and in all weathers.

A total of 18 pairs and 36 singles took part in the Summer Matchplay and 35 pairs played in the Winter League.

The club championship which was played in August and open to all members, was won this year by Marley Read .

I would like to take this opportunity to congratulate him for an excellent performance.

In the County competitions. The Club entered teams into the Thornton Cup, Leslie Wood, Norman Plum and Jubilee Cup. Our teams were strong but unfortunately progress this year in all the four competitions proved unsuccessful, with teams competing against some very tough opposition.

I would like to thank all the club team Captains and team members who took part, for their support, hard work and wish them better fortunes next year.

I would also like to take the opportunity to thank Captain Steve for his help and hard work over the past year.

Finally, my thanks go to the many volunteer Sunday morning competition starters, who have helped with the running of our weekly competitions over the past year. Their efforts are greatly appreciated.

Regards
Phil Prior
